- Represent LCs in the UConn community

"I applied to be a Floor Mentor because of the abundance of support and kindness I have received from this community since my freshman year, and I wanted to give back as much love as I could in the role. This experience...served as a reminder that no one is ever alone. Creating bonds with mentees has provided me equal support on my hardest days, by receiving the same encouragement I have given them...The beauty of mentoring is that we have so much to learn from each other."
